Gourav Mukherjee

Senior UX Designer | SaaS & Enterprise Product Design

Bangalore, India | +91-7992312865 | gouravmukherjee1907@gmail.com

Portfolio: gouravmukherjee.vercel.app | LinkedIn: linkedin.com/in/gourav-mukherjee-710503207

PROFESSIONAL SUMMARY

Senior UX/Product Designer with 5+ years of experience designing complex, data-centric enterprise SaaS (Field Service Management, EdTech) across web and mobile. Owns the design lifecycle end to end, from research and problem framing to shipped screens, and has designed a KPI and reporting dashboard from scratch. Simplified multi-step enterprise workflows to cut process completion time by 30%. Works closely with Product, QA and TAM in Agile teams, grounding decisions in usability testing and analytics, and builds accessible (WCAG 2.1) design systems.

PROFESSIONAL EXPERIENCE

Senior UX Designer

Feb 2024 – Present

Bursys Infotech India Pvt. Ltd. | Panchkula, India

Product: FieldEquip, a Field Service Management (FSM) SaaS platform (Web & Mobile)

- Own end-to-end UX for FieldEquip, from discovery and user research to user flows, high-fidelity Figma prototypes and developer handoff. Raised task completion by **25%** (validated through usability testing) and cut design-to-dev handoff time by **20%** with detailed specifications and reusable components.
- Designed the FieldEquip Dashboard from scratch (KPI charts, custom reports, analytics widgets), giving field service teams real-time operational visibility and faster, data-driven decisions.
- Simplified complex multi-step workflows across Work Orders, Asset Management, Requests and Inventory, reducing process completion time by **30%**.
- Restructured the information architecture using card sorting, tree testing and journey mapping of field technician workflows, reducing post-launch navigation issues by **35%**.
- Designed edge cases and system states (empty, error, loading, success) and ran WCAG 2.1 accessibility audits, improving product usability, adoption and user satisfaction.
- Iterated on released designs using usability testing, NPS/CSAT and product analytics; translated business OKRs and the product roadmap into clear design requirements with Product Managers.
- Collaborated in Agile/Scrum sprints with a 9-person cross-functional team (Product, TAM, QA and Engineering), running design reviews and delivering pixel-perfect handoff that reduced UI-related defects before release.
- Maintain a consistent web and mobile UI through a reusable component library and design system guidelines.

UI/UX Designer

Mar 2021 – Sep 2023

Wefivesoft Pvt. Ltd. | Bangalore, India

Product: MarkersPro, an EdTech SaaS platform (Web & Mobile)

- Designed UI/UX for the platform in Agile/Scrum sprints; improved user engagement by **30%** and reduced bounce rate by **25%** by restructuring information architecture and navigation.
- Built and maintained a design system with a reusable component library, giving cross-platform UI consistency and faster feature delivery.
- Conducted user research and created personas, journey maps, user flows, wireframes and high-fidelity prototypes aligned with product strategy and OKRs.
- Wrote UX copy for onboarding tooltips, error states and empty states, reducing onboarding drop-off by **18%**.
- Designed responsive, mobile-first interfaces for web and mobile following WCAG 2.1 principles.
- Handed off designs to engineering and implemented UI in HTML5, CSS3, Bootstrap and JavaScript; worked with QA to resolve UI defects and keep releases stable.

SELECTED PROJECTS

- **FieldEquip Dashboard (Bursys):** Designed a KPI and reporting dashboard from scratch, with charts, custom reports and analytics widgets for real-time operational visibility. Full case study in portfolio.
- **FieldEquip Workflow Simplification (Bursys):** Redesigned multi-step flows for Work Orders, Assets, Requests and Inventory, cutting process completion time by 30%. Full case study in portfolio.
- **MarkersPro IA & Navigation Redesign (Wefivesoft):** Restructured navigation and information architecture, lifting engagement by 30% and lowering bounce rate by 25%. Full case study in portfolio.

SKILLS

Product & UX Design: End-to-end Product Design, UX/UI Design, User Flows, Wireframing, High-Fidelity Mockups, Interactive Prototyping, Interaction Design, Information Architecture, Journey Mapping, UX Writing, Design Thinking

Data-Centric & Enterprise UX: Dashboard Design, KPI Visualization, Analytics Widgets, Custom Reports, Enterprise Workflow Simplification, Edge Cases & System States

Research & Testing: User Research, Usability Testing, A/B Testing, Heuristic Evaluation, Card Sorting, Tree Testing, Stakeholder Interviews, Competitive Analysis, NPS/CSAT Tracking

Design Systems & Accessibility: Component Libraries, Design Tokens, Reusable UI Components, Responsive & Mobile-first Design, Cross-platform (Web, iOS, Android), WCAG 2.1 Audits

Tools: Figma, FigJam, Adobe XD, Adobe Illustrator, Photoshop, Miro, Zeplin, Optimal Workshop, AI-assisted workflows for research synthesis, copy and prototyping

Handoff & Collaboration: Developer Handoff, Design Specifications, HTML5, CSS3, JavaScript, Bootstrap, Tailwind CSS, Agile/Scrum, Stakeholder Management, OKR Alignment, Design Reviews

EDUCATION

Bachelor of Technology (B. Tech) Graduated Aug 2020

Trident Academy of Technology, Bhubaneswar, Odisha

CERTIFICATIONS

- **Google UX Design Professional Certificate**, Google / Coursera 2024
- **IBM Enterprise Design Thinking Practitioner**, IBM Skills Build 2023
- **UX Design Fundamentals**, Interaction Design Foundation (IDF) 2022
